

ALI MEHRAN

Frontend / Web Developer

Kabul, Afghanistan • 0778765853 • ameharan0007@gmail.com

PROFESSIONAL SUMMARY

Frontend-focused Web Developer with over 1 year of hands-on learning and project development. Experienced in building responsive, modern interfaces with HTML, CSS, JavaScript, Tailwind CSS, React, and Vite. Comfortable with Git/GitHub and Vercel deployment, with a strong interest in growing into full-stack development through TypeScript, Next.js, Node.js, and databases.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React, Tailwind CSS

Tools & Build: Vite, Git, GitHub, Vercel

Currently Developing: TypeScript, advanced React concepts

Future Focus: Next.js, Node.js, backend development, databases

PROJECTS

Abdullah Foundation – Volunteer / Client Website

Tech: React, Vite, Tailwind CSS, Vercel

Built and deployed a responsive website for Abdullah Foundation. Implemented structured sections, responsive layouts, contact and donation flows, imagery, and production deployment.

My Portfolio – Personal Portfolio

Tech: React, Vite, Tailwind CSS, TypeScript, GSAP

Developing a modern responsive portfolio to present web-development skills, projects, experience, and contact information with polished interactions.

Calculator – UI/UX Showcase

Tech: React, Vite, Tailwind CSS, JavaScript, GSAP

Created a polished calculator experience focused on responsive UI, interaction design, animations, error handling, and showcase-ready visual design.

Image Asset Toolkit

Tech: Python, Pillow, CLI

Developed a practical image-processing toolkit for renaming, resizing, format conversion, and image information, including efficient WebP conversion for web assets.

EXPERIENCE

Independent Web Developer / Project-Based Work

Hands-on experience developing personal and real-world web projects, translating requirements into responsive interfaces, organizing React components, managing source code with Git/GitHub, and deploying applications with Vercel.

EDUCATION

Web Development – Self-Directed Learning

Focused practical learning in frontend development, React, modern CSS, responsive design, version control, deployment, and progressively expanding toward TypeScript, Next.js, Node.js, and database development.

LANGUAGES

Persian / Dari: Native

English: Working proficiency
